**Major Topics Covered in the Course**

To enroll in CS 393 – Internship in Computer Science, the student must provide the Undergraduate Program Director a letter from the sponsoring agency/employer detailing the following information with regard to the proposed internship:

1. Project Description
2. Project Objectives
3. Employer's Expectations of Student
4. Duration of Internship
5. Location of Internship
6. Other pertinent information

Upon receipt of the letter, the Undergraduate Program Director will review and approve or disapprove the internship. If the internship is approved, the Undergraduate Program Director will provide the student with special approval to register for the course. The Undergraduate Program Director or another CS faculty member will supervise the internship on behalf of the School.

Upon completion of the internship, the student must provide a report of accomplishments and a letter of completion from the sponsoring agency/employer stating that the project objectives, expectations, and accomplishments had been/had not been met. At which point a grade of Pass/Fail will be assigned.
